Emma Jiang has extensive experience in private equity, mergers and acquisitions and joint ventures in the upstream, midstream, downstream, renewable and transitional energy sectors. Ms. Jiang also regularly counsels developers and investors in connection with projects relating to gas-to-liquids, ammonia, solar, wind and other energy technologies. Additionally, she advises clients in connection with complex midstream and gas sales arrangements.

Selected matters include (* indicates matters handled prior to joining Skadden):

- Parasol Renewable Energy LLC (KKR investment) in the sale of Clēnera at an enterprise value of \$433 million to Enlight Renewable Energy LTD. Clēnera is developing a portfolio of 12 GWdc of solar generation facilities and 5.5 GWh of energy storage in 20 states*
- Spur Energy Partners LLC (owned by KKR and EMG) in its \$925 million acquisition of oil and gas properties in New Mexico from Concho Resources*
- a portfolio company of two private funds in the sale of solar and battery storage projects for aggregate consideration of approximately \$250 million, which involved a unique buyer development financing and securitization
- a portfolio company of two private equity funds in the \$1.6 billion acquisition of oil and gas properties in Texas
- a private equity fund in the acquisition of overriding royalty interests valued at approximately \$300 million*
- a private equity fund in the approximately \$200 million sale of multiple natural gas gathering and processing facilities in Texas and Oklahoma*
- Parasol Renewable Energy LLC (KKR investment) in the sale of various solar and battery storage projects to Enlight Renewable Energy LTD with consideration up to \$103 million
- a private investor in the negotiation of a minority interest in a sustainable aviation fuel refinery with anticipated capital costs of over \$3 billion and the joint ownership and operation thereof
- a large publicly traded energy company in the \$250 million acquisition of oil and gas properties in Texas from two private equity funds*
- a developer in connection with a joint venture to own, construct or operate solar and battery storage projects throughout the U.S., with over 1.25 GW in construction or operation
- a portfolio company of two private equity funds in the negotiation of a life-of-lease gathering, hydrating, treating and processing agreement valued at over \$5 billion
- an exploration and production company in negotiating or advising on over 20 natural gas gathering and processing agreements, natural gas gathering facility construction agreements, natural gas sales agreements and natural gas liquids sales agreements
- a developer in a \$1.6 billion fully wrapped engineering, procurement and construction agreement for a gas-to-liquids facility in Louisiana, along with other associated offtake agreements, terminal use agreements, and operation and maintenance agreements*
- a developer in connection with the negotiation of a solar panel supply agreement for up to approximately \$700 million and related prepayment and security arrangements, which also included negotiating supply agreements for inverters, batteries and other equipment supplies
